**ALTERNATIVE TRANSPORTATION LIABILITY RELEASE**

**Initial:** \_\_\_\_\_ GCPS/Berkmar High School is not always able to provide transportation for students to off campus extracurricular school activities. In cases when transportation is not provided by GCPS/Berkmar High School, as in the use of a school bus or charter bus, it is the responsibility of the student's parents/guardian to secure their student's attendance at such activities. GCPS, its local schools, officers, employees or agents shall not be responsible for any injury or loss arising out of a student's transportation to or from the off campus activity when such transportation is provided by parents, student, staff or any other party.

**MEDIA RELEASE**

**Initial:** \_\_\_\_\_ I hereby give my consent to all photographs, audio recordings, academic work and/or video recordings taken of me or my minor child by GCPS staff or their designee. I understand that any such photographs, audio recordings, academic work and/or video recordings become the property of the local school or district and may be used by the school, district or others within their consent, for educational, instructional or promotional purposes determined by the district in broadcast and electronic media formats now existing or in the future created.

**ATHLETIC CODE OF CONDUCT**

**Initial:** \_\_\_\_\_ Gwinnett County Public Schools' athletic programs are a great source of pride to our communities. Involvement in athletics helps students develop a better sense of responsibility, cooperation; self-discipline, self-confidence, and sportsmanship that will help serve them long after graduation. The lessons and values learned by participating on athletic teams last a lifetime.

All athletes are expected to abide by the highest standards of fair play and sportsmanship while on the court or field. We also have high expectations regarding behavior when the students are not engaged in athletic competitions. Students participating in Georgia High School Association extracurricular athletic activities act as representatives of Gwinnett County Public Schools. All students are expected to conduct themselves in such a manner as to meet the highest standards of the school system at all times.

The Athletic Code of Conduct is designed to establish high expectations and standards for all students participating in Georgia High School sanctioned athletic activities. The Code of Conduct also provides consistent consequences when violations occur. The consequences listed on the Code of Conduct are minimum standards. The schools can set consequences over and above those listed on the Code of Conduct.

I have read the Gwinnett County Athletic Code of Conduct in the Discipline Handbook and I understand the potential consequences that go along with violating the Athletic Code of Conduct.

**PERMISSION TO TREAT**

**Initial:** \_\_\_\_\_ I give my permission for the coaches, certified trainers and/or their designees to administer treatment for illness, injury or rehabilitation,

**Initial:** \_\_\_\_\_ In the event of an emergency and I cannot be reached, I grant permission to the school personnel, coaches and/or certified athletic trainers to activate the Emergency Action Plan.

I have examined the above-named student and completed the participation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parent. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).

## Student/Parent Concussion Awareness Form

SCHOOL: \_\_\_\_\_

### DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor “ding” to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

### COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

**BY-LAW 2.68: GHSA CONCUSSION POLICY:** In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

**By signing this concussion form, I give \_\_\_\_\_ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2015-2016 school year. This form will be stored with the athletic physical form and other accompanying forms required by the \_\_\_\_\_ School System.**

**I HAVE READ THIS FORM AND I UNDERSTAND THE FACTS PRESENTED IN IT.**
